*Ensure your safety by strictly purchasing from authorized sources.*

The high value and popularity of MIRAILAB BIOSCIENCE products has led to sophisticated cases of counterfeit products closely resembling authentic products such as NMN Pure 9000 Plus.

While we are pursuing all means to prosecute counterfeiters, we ask that our customers be appropriately vigilant in two simple ways:

**1) Purchase products only through authorized dealers!**

## RISK

As described on the website of the [National Consumer Affairs Center of Japan](#) (in Japanese), counterfeit products may harm your health in the case of health foods and medicines.

There is absolutely no guarantee of consistency between ingredients listed on the package and what is actually in a potentially counterfeit package.

**For this reason it is extremely important that you only purchase products through the authorized channels described above.**

**If any product you have is inconsistent with the authenticity described above, please cease consumption immediately.**

We apologize for the inconvenience, but we are not responsible for any disadvantages, damages, or damages caused by purchasing a counterfeit product. We appreciate your understanding, and especially your vigilance, in advance.
